FOREWORD FROM THE VICE CHANCELLOR UNIVERSITI KUALA LUMPUR

Bismillahirrahmanirrahim.

Assalamualaikum Warahmatullahi Wabarakatuh and Salam Sejahtera.

On behalf of Universiti Kuala Lumpur (UniKL), it is my great honour to welcome all participants to the 5th International Conference on Medical Science Technology (ICMST 2026), held from 8 to 9 September 2026.

I would also like to take this opportunity to congratulate Universiti Kuala Lumpur Institute of Medical Science Technology (UniKL MESTECH) and the Organizing Committee of ICMST 2026 for their dedication, resilience, and professionalism in organising this remarkable event. My sincere appreciation also goes to the plenary and invited speakers, sponsors, and participants from Malaysia and abroad for your invaluable contributions.

This year's conference theme, "Transforming Health, Empowering Communities," reflects our collective belief that scientific excellence is truly meaningful only when it creates a positive impact on humanity. ICMST 2026 serves as a vibrant platform for sharing cutting-edge research and innovations that contribute to improved health outcomes and the achievement of the United Nations Sustainable Development Goals (SDGs).

As an institution under MARA, UniKL is committed to being a catalyst for innovation and a trusted partner in nation-building. This conference reflects our commitment to the aspirations of the Malaysia MADANI framework, the 13th Malaysia Plan (RMK-13: 2026–2030), and the National Policy on Science, Technology and Innovation (DSTIN 2021–2030). We believe that research should never remain on library shelves; instead, it must generate practical solutions, inspire innovation, and bring hope to our communities.

I encourage all participants to seize this opportunity to transform meaningful discussions into lasting global research collaborations and networks. May this conference be a rewarding, productive, and inspiring experience for all.

Thank you.

PROF. DR. KUSHSAIRY BIN ABDUL KADIR
VICE-CHANCELLOR
UNIVERSITI KUALA LUMPUR

FOREWORD FROM THE DEAN / HEAD OF CAMPUS UNIKL MESTECH

It is my great pleasure to welcome all delegates, distinguished speakers, researchers, industry professionals, and students to the 5th International Conference on Medical Science Technology (ICMST 2026).

With the theme "Transforming Health, Empowering Communities," ICMST 2026 aims to showcase how advances in medical science and technology can drive sustainable development, improve health outcomes, and strengthen communities in alignment with the United Nations Sustainable Development Goals (SDGs). This conference serves as an important platform for the exchange of research ideas and innovations that address current and emerging healthcare challenges.

ICMST 2026 aspires to bring together researchers and professionals from around the world to explore and promote impactful research in diverse areas, including Planetary Health, Biomedical Sciences, Occupational Safety and Health, Bio-Entrepreneurship and Innovation, and Artificial Intelligence (AI) applications in healthcare, thereby supporting our shared commitment to advancing healthcare solutions that benefit society.

This year's conference features a comprehensive and engaging programme, including plenary and invited speakers, panel forums led by renowned international and local experts, oral and poster presentations, as well as pre- and post-conference workshops. These sessions are designed to foster meaningful discussions, encourage interdisciplinary collaboration, and inspire innovative approaches to healthcare and medical sciences. In addition, ICMST 2026 offers valuable opportunities for scholarly networking and publication in a reputable academic journal.

I would like to extend my sincere appreciation to the organizing committee, sponsors, industry and university partners, for their invaluable contributions to the success of ICMST 2026. I wish all participants a rewarding conference experience and hope that the discussions and connections established during ICMST 2026 lead to lasting collaborations and meaningful contributions to the advancement of health and medical sciences.

Thank you.

TS. DR. MOHAMED ZUL FADHLI KHAIRUDDIN
DEAN / HEAD OF CAMPUS
UNIVERSITI KUALA LUMPUR
INSTITUTE OF MEDICAL SCIENCE TECHNOLOGY
(UniKL MESTECH)

FOREWORD FROM THE CONVENOR ICMST 2026

It is my great pleasure to welcome you to the 5th International Conference on Medical Science Technology (ICMST 2026), hosted by Universiti Kuala Lumpur Institute of Medical Science Technology (UniKL MESTECH).

This year's theme, "Transforming Health, Empowering Communities," reflects our shared commitment to advancing healthcare through research, innovation, and collaboration. As healthcare challenges become increasingly complex, meaningful progress depends on bringing together experts from diverse disciplines to exchange ideas, develop innovative solutions, and translate research into real-world impact.

The abstracts presented at this conference represent the dedication and creativity of researchers, clinicians, educators, and students from around the world. Collectively, they contribute to important areas such as biomedical sciences, molecular diagnostics, planetary health, artificial intelligence in healthcare, occupational safety and health, and bio-entrepreneurship. These studies not only advance scientific knowledge but also offer practical solutions that have the potential to improve healthcare systems and enhance community well-being.

The work featured in this conference also supports broader national and global aspirations. It aligns with the United Nations Sustainable Development Goals, particularly SDG 3 (Good Health and Well-being), SDG 9 (Industry, Innovation and Infrastructure), and SDG 13 (Climate Action). This conference reflects the aspirations of Malaysia MADANI while supporting the National Policy on Science, Technology and Innovation (DSTIN 2021–2030) and the New Industrial Master Plan (NIMP 2030) in fostering innovation, sustainability, and the commercialization of high-value healthcare technologies.

This conference would not have been possible without the dedication and support of many individuals and organizations. I extend my sincere appreciation to the organizing committee, plenary and invited speakers, partner institutions, sponsors, and volunteers for their invaluable contributions. Most importantly, I thank all presenters and participants whose research and commitment form the foundation of this conference.

I hope ICMST 2026 serves as a source of inspiration for future collaborations, new discoveries, and lasting partnerships. May the discussions and connections established throughout this conference continue to drive innovations that improve health and empower communities across the globe. Thank you for your participation, and I wish you a productive, engaging, and rewarding conference.

TS. DR. NOOR ARNIWATI MAT DAUD
CONVENOR ICMST 2026
UniKL MESTECH

CONFERENCE SCHEDULE

7 SEPTEMBER 2026, MONDAY

PRE-CONFERENCE WORKSHOP	VENUE
<i>Insights into High-Quality Review Paper Writing: AI-Assisted Strategies to Sustain Publication Output and Citation Impact.</i> Trainers: Assoc. Prof. Ts. Dr. Izuddin Fahmy Abu, UniKL MESTECH & Prof. Dr. Norsham Juliana, Universiti Sains Islam Malaysia	UniKL City Campus

8 SEPTEMBER 2026, TUESDAY

Time	AGENDA	VENUE
8.00 AM	Registration	Ballroom Foyer
9.00 AM	Officiating Ceremony	Ballroom
9.40 AM	Invited Lecture 1: Prof. Dr. Tee Kok-Keng, Kunming Medical University, China. <i>"Chikungunya at a Crossroads: Expansion, Endemic Risk, and the Vaccine Protection Gap."</i>	
10.10 AM	Tea Break & Networking	Ballroom Foyer
10.30 AM	Invited Lecture 2: Assoc. Prof. Dr. Abdul Rohim Tualeka, Universitas Airlangga, Indonesia. <i>"Integrating Benzene Toxicity, Glutathione Depletion, and Oxidative Stress Biomarkers in Informal Workers."</i>	Ballroom
11.00 AM	Invited Lecture 3: Assoc. Prof. Ts. Dr. Reezal Ishak, Universiti Kuala Lumpur, Malaysia . <i>"From Processing Waste to Biomedical Application: The Anti-Inflammatory Profile of Tilapia-Derived Collagen."</i>	
11.30 AM	Invited Lecture 4: Dr. Prasobhan Bala Krishnan, Institute for Medical Research, Malaysia. <i>"AI-Enabled Screening and Diagnosis: Transforming Early Detection into Smarter Healthcare."</i>	
12.00 PM	Poster Presentation	
1.00 PM	Lunch Break & Networking	Melting Pot Café
2.30 PM	Parallel Oral Presentation	Ballroom & Patio 2
5.00 PM	Tea Break and End of Day 1	Ballroom Foyer

CONFERENCE SCHEDULE

9 SEPTEMBER 2026, WEDNESDAY

Time	AGENDA	VENUE
9.00 AM	Invited Lecture 5: Dr. Made Indra Wijaya, University of Warmadewa, Indonesia. <i>"Beyond Hospitals: Transforming Communities Through Participatory Action Research for Better Health Outcomes."</i>	Ballroom
9.30 AM	Plenary Lecture 1: Prof. Ts. Dr. Muhammad Lokman Md Isa, International Islamic University Malaysia. <i>"Environmental Justice: The Heart of Empowering Healthy Communities."</i>	
9.50 AM	Tea Break & Networking	Ballroom Foyer
10.30 AM	Poster Presentation	Ballroom
11.30 AM	Parallel Oral Presentation	Ballroom
12.45 PM	Lunch Break & Networking	Melting Pot Café
2.00 PM	Plenary Lecture 2: Academician Distinguished Professor Datuk Dr. Looi Lai-Meng, Universiti Malaya Medical Centre. <i>"Research and Innovation in the Value Proposition of Healthcare."</i>	Ballroom
2.20 PM	Plenary Lecture 3: Prof. Dr. Shamsul Bahari Shamsudin, Universiti Malaysia Sabah. <i>"Integration of Technology and Data in Community Health Sustainability."</i>	
2.40 PM	Plenary Lecture 4: Prof. Dr. Mohamad Aljofan, Nazarbayev University, Kazakhstan. <i>"From Bench to Bedside: A Translational Journey Turning Discovery into Clinical Impact."</i>	
3.15 PM	Forum with Plenary Speakers: <i>"Innovations in Healthcare: Translating Research into Accessible Healthcare for Sustainable Communities."</i>	
4.00 PM	Award Presentation and Closing Ceremony	
5.00 PM	Tea Break and End of Conference	Ballroom Foyer

PLENARY SPEAKERS

Academician Distinguished Professor

Datuk Dr. Looi Lai-Meng

Senior Consultant Histopathologist, Universiti Malaya Medical Centre (UMMC), Malaysia

Vice President, Academy of Sciences Malaysia (FASc) (2026/2027)

Title: Research and Innovation in the Value Proposition of Healthcare

Prof. Dr. Shamsul Bahari Shamsudin
Center of Occupational Safety and Health,
Universiti Malaysia Sabah, Malaysia
Board of Directors, National Institute of
Occupational Safety & Health (NIOSH), Malaysia
Title: Integration of Technology and Data in
Community Health Sustainability

Prof. Dr. Mohamad Aljofan

Head of Drug Discovery and Development Laboratory
National Laboratory Astana

School of Medicine, Nazarbayev University, Kazakhstan

Title: From Bench to Bedside: A Translational Journey
Turning Discovery into Clinical Impact

Prof. Ts. Dr. Muhammad Lokman Md Isa
Director, Institute of Planetary Survival for
Sustainable Well-Being (PLANETIUM),
International Islamic University Malaysia
Title: Environmental Justice: The Heart of
Empowering Healthy Communities

INVITED SPEAKERS

Prof. Dr. Tee Kok-Keng
School of Public Health,
Kunming Medical University, China
Title: Chikungunya at a Crossroads: Expansion, Endemic Risk, and the Vaccine Protection Gap

Assoc. Prof. Ts. Dr. Reezal Ishak
Universiti Kuala Lumpur, Institute of Medical
Science Technology (UniKL MESTECH), Malaysia
Title: From Processing Waste to Biomedical Application: The Anti-Inflammatory Profile of Tilapia-Derived Collagen

Dr. Prasobhan Bala Krishnan
Allergy & Immunology Research Centre (AIRC),
Institute for Medical Research (IMR), Malaysia
Title: AI-Enabled Screening & Diagnosis: Transforming Early Detection into Smarter Healthcare

Assoc. Prof. Dr. Abdul Rohim Tualeka
Faculty of Public Health,
Airlangga University, Indonesia
Title: Integrating Benzene Toxicity, Glutathione Depletion, and Oxidative Stress Biomarkers in Informal Workers

Dr. Made Indra Wijaya
Faculty of Medicine and Health Science,
Warmadewa University, Indonesia
Title: Beyond Hospitals: Transforming Communities Through Participatory Action Research for Better Health Outcomes

ICMST 2026 & THE SDGs

“Transforming Health, Empowering Communities”

ICMST 2026 supports the United Nations Sustainable Development Goals (SDGs) by bringing together medical science, AI, healthcare innovation, education and collaboration to advance healthier and more sustainable communities.

SDG 1 — No Poverty. Promoting accessible and equitable healthcare solutions that can help reduce health-related inequalities and the financial burden of disease.

SDG 2 — Zero Hunger. Supporting research and innovation related to nutrition, food security, health and sustainable approaches to improving community well-being.

SDG 3 — Good Health and Well-being. Advancing medical science, AI and innovative healthcare technology, disease prevention and evidence-based practices to improve health outcomes and well-being.

SDG 4 — Quality Education. Strengthening knowledge sharing, scientific capacity, lifelong learning and opportunities for education in medical science and healthcare technology.

SDG 8 — Decent Work and Economic Growth. Encouraging innovation, entrepreneurship, workforce development and safe, productive working environments within the healthcare and technology sectors.

FROM RESEARCH TO IMPACT

ICMST 2026 recognises that meaningful progress towards sustainable development requires more than scientific discovery. It requires translation, collaboration and collective action.

SDG 13 — Climate Action. Promoting research and solutions that address the health impacts of climate change, environmental risks and the need for more sustainable healthcare practices.

SDG 14 — Life Below Water. Recognizing the connection between environmental health and human health, including the importance of protecting aquatic ecosystems from pollution and other health-related environmental threats.

SDG 15 — Life on Land. Recognizing the vital connection between biodiversity, healthy ecosystems, and human health, and promoting sustainable practices that contribute to healthier communities and a resilient future.

SDG 17 — Partnerships for the Goals. Building meaningful partnerships among academia, industry, government, healthcare professionals, and communities to translate knowledge and innovation into sustainable impact.

SCIENCE • INNOVATION • COLLABORATION • IMPACT

Together, let's transform health and empower communities.

OFFICIAL PUBLISHING PARTNER - MJMHS

We are pleased to announce the Malaysian Journal of Medicine and Health Sciences (MJMHS), a Scopus-indexed journal, as the Official Publishing Partner of ICMST 2026.

Abstracts presented at ICMST 2026 will have the opportunity to be submitted for publication in a Special Issue of MJMHS, subject to the journal's submission requirements and peer-review process.

Important Information

 Submission Opens: 15 October 2026

 Publication Fee (charged only upon acceptance):

 National Authors: MYR 850.00

 International Authors: USD 200.00

Further details will be announced in due course. Authors and presenters are encouraged to stay tuned for the official Call for Papers, including manuscript preparation and submission guidelines.
